

hypra : distribution des fréquences (nbre de formations distinctes)

hypra : distribution des fréquences (nbre total d'occurrences)

Distribution des fréquences entre mots (20) (nbre de formations distinctes)

Distribution des fréquences entre mots (20) (nbre total d'occurrences)

Distribution des fréquences entre pos (nbre de formations distinctes)

Distribution des fréquences entre pos (nbre total d'occurrences)

Distribution des fréquences entre séparateurs (nbre de formations distinctes)

Distribution des fréquences entre séparateurs (nbre total d'occurrences)

Distribution des fréquences entre sources (20) (nbre de formations distinctes)

Distribution des fréquences entre sources (20) (nbre total d'occurrences)

Distribution des fréquences entre sujets (nbre de formations distinctes)

Distribution des fréquences entre sujets (nbre total d'occurrences)

hypra : 26 formes distinctes, 64 total occurrences (100%)

hypra : 90% quantiles

hypra : 90% quantiles

hypra : Boîte à moustache (fréquences absolues, 90% quantile)

Evolution des distributions des préfixes (fréquence relative)

Evolution des distributions des mots (fréquence absolue, périodisation originelle)

Evolution des distributions des mots (fréquence absolue, période 1 semaine)

Evolution des distributions des mots (fréquence relative)

- word
- aérien
- compact
- concurrent
- cools
- doué
- décisif
- déséquilibré
- modeuse
- moulante
- médiatisé
- populaire
- queer
- qui
- serré
- sexuels

Evolution des distributions des pos (fréquence absolue, périodisation originelle)

Evolution des distributions des pos (fréquence absolue, période 1 semaine)

Evolution des distributions des pos (fréquence relative)

Evolution des distributions des séparateurs (fréquence absolue, périodisation originelle)

Evolution des distributions des séparateurs (fréquence absolue, période 1 semaine)

Evolution des distributions des séparateurs (fréquence relative)

Evolution des distributions des sources (fréquence absolue, périodisation originelle)

Evolution des distributions des sources (fréquence absolue, période 1 semaine)

Evolution des distributions des sources (fréquence relative)

Evolution des distributions des sujets (fréquence absolue, période 1 semaine)

Evolution des distributions des sujets (fréquence relative)

Evolution des nombres de formes différentes

hypra: vocabulaire conservé, apparaissant et disparaissant

hypra: moyenne de l'évolution des mots construits (fréquence relative pour base)

hypra

- raw data
- rolling mean (window=10)
- rolling std (window=10)

- de-trended data
- rolling mean (window=10)
- rolling std (window=10)
